GV-SNVR0411 / GV-SNVR0811

The GV-SNVR0411 / GV-SNVR0811 are H.264 / H.265 linux-embedded Standalone Network Video Recorders that record video files directly to the internal hard drive and support up to 4 / 8 channels for network surveillance. Equipped with 4 / 8 ports built-in PoE, they provide network and power the IP cams without using an external PoE switch. Featuring up to 4K resolution video output, they eliminate the need for a separate PC to view and playback video.
