

Uniform lighting to deliver good overall video quality even in the dark

5MP IR FISHEYE

GV-FER5303 IP CAMERA

IR FISHEYE

5MP · H.264 · WDR · Rugged · Outdoor (IP67)

GV-FER5303 is an outdoor fisheye camera that allows you to monitor all angles of a location. It can be installed to the ceiling, wall, wall corner and the pole. The camera is equipped with an IR LED ring that provides infrared illumination under low-light situations. Its distorted hemispherical image can be converted into a conventional rectilinear projection. Without installing any software, you can watch live view and utilize functions such as motion detection, privacy mask, and alert notification through the Web interface. In addition, the camera seamlessly integrates with the GV-System, providing advanced monitoring and video management features.

Examine the pictures on the right and compare the live view clarity of a GV-Fisheye Camera with IR LED Ring and that of a third-party fisheye camera.

Key Features
