

# Smart switch

between WDR & Super Low Lux.

Perfect for low light and complex light scenes.

## GV-BX2600

### ■ 2M@60fps

Delivers high quality 1080P video stream in 60 FPS. It allows the user to identify and review an incident in greater detail.

### ■ Outdoor intelligent motion detection

Minimizes false motion alarm caused by weather conditions such as raining, snowing and swaying tree branches.

### ■ Loitering

Detects unauthorized loitering and alerts the user in real-time.

### ■ People Counting

The BX2600 can be installed at the entry, exit and corridor of any premises as People Counter.
